Optional Riders	Accelerated Benefit Rider	Accelerates a portion of the death benefit if an insured qualifies as either chronically or terminally ill under the rider. Places a lien upon the future death benefit payable.
	Children's Term Rider	Provides term life insurance on the children of the insured for a limited time. Coverage under this rider may be converted.
	Guaranteed Purchase Option Rider	Guarantees the right to purchase additional permanent insurance on the primary insured without evidence of insurability.
	Overloan Protection Rider	Prevents the policy from lapsing due to outstanding loan debt. May only be exercised under specific conditions described in the rider.
	Waiver of Premium Rider	Waives the policy premium amount upon total disability as defined in the rider.

The optional Accelerated Benefit Rider provides for a partial acceleration of the policy death benefit in the event that the base policy insured is certified by a licensed physician as being chronically ill or terminally ill. By taking an accelerated death benefit payment, a lien is created against the policy death benefit. The lien accrues carrying charges at an adjustable rate we declare. The lien, including the lien carrying charges, will be deducted from the total death benefit otherwise payable to the policy beneficiary(ies) and will reduce the cash value available for policy loans, surrenders, or the exercise of any non-forfeiture option. The required premium for the policy must still be paid even if an accelerated death benefit is taken. If an accelerated benefit is taken and the policy lapses or otherwise terminates, a taxable event may occur.

Any accelerated benefit taken under this rider may be taxable. Clients should consult their tax advisor on all tax matters. Adding the rider to a life insurance policy or the taking of rider benefits may affect eligibility for certain public assistance programs and government benefits. The Accelerated Benefit Rider is not designed to be a substitute for long-term care insurance, health insurance, or nursing home insurance. Rider benefits and features may vary by state.

The potential tax consequences of the Overloan Protection Rider have not specifically been determined by the IRS or the courts. Clients should consult a tax advisor.
